CARDINAL GLASS INDUSTRIES

Cardinal Glass Industries is a management-owned S-Corporation leading the industry in the development of residential glass for windows and doors. At Cardinal, we try to maintain a clear vision: design and fabricate the most advanced residential glass products in the industry. We turn those fresh ideas into useful products that homeowners can use. In 2021 Cardinal Glass Industries purchased assets from AGC Glass North America, including products such as Purevision™ and HydroClear® (previously LuxClear) glass. We provide a turnkey solution for all of our customer base of window and door manufacturers, all designed to provide the latest in applied glass science.

HydroClear is World-Class

ANTI-CORROSION GLASS

WORLD-CLASS PROTECTION. ULTIMATE CLARITY.

Continuous exposure to water, heat, and high humidity corrodes the surface of glass, making it appear hazy, dull, and dirty.

HydroClear anti-corrosion glass provides lifetime protection against corrosion, maintaining a pristine and clear appearance.

Unlike aftermarket anti-corrosion treatments, HydroClear features a special coating that is fused to the surface of the glass providing permanent corrosion protection.

Plus, no special cleaning solutions or processes are required to maintain HydroClear.

Best of all, HydroClear comes with a Limited Lifetime Warranty backed by Cardinal Glass Industries, the world's leading glass manufacturer.
